General

25 FPS Festival is organized by the 25 FPS Association for Audio-visual Research, Zagreb, Croatia.

25 FPS Festival screens independent and non-commercial films which innovatively explore the possibilities of cinematic language, narration and the medium itself, cross film types and genres and broaden the notion of film as art. It promotes expressive original concepts, progresses in terms of theme, idea and aesthetics, as well as works that perpetuate the tradition of avant-garde and experimental film.

Eligibility

Films and videos eligible for the application need to correspond to the Festival profile described in *General*, completed after 1st of January 2016, and not longer than 60 minutes. Each author should submit not more than three works. The Festival does not pay a screening fee for the works selected for the Competition Program. Submission to the Festival is free of charge.

Submission

The Festival accepts applications submitted via:
DVD or
link

If an applicant decides to submit the film on a DVD, it should be sent to the official Festival address with a filled and signed entry form. Pre-selection DVDs are not returned and remain in the festival archive. If a DVD is sent from abroad, the envelope should be clearly marked as “No commercial value, cultural purposes only”. The shipping cost is covered by the sender.

If applicants decide to submit the film via the link, they should fill out the entry form but do not have to send it by post. They should state a valid internet address where the film is uploaded and, if the film is protected, provide a password and enable film downloading. The link and password should be available and valid until 31th of July 2018. The Festival guarantees to download the file for pre-selection purposes only.

If the work contains text in any language apart from English, English subtitles are mandatory.

Selection results

Selection results will be published on 31th of July 2018 on the Festival website.

Festival will notify the contact person of the selected work to deliver text, images and video material for print, internet and promotion.

Festival WILL NOT notify all the applicants, just the ones whose works are selected for the Competition Program.
